Gli utensili per la lavorazione del legno illustrati in questo catalogo sono per la maggior parte prodotti in serie e disponibili a magazzino, e costituiscono una gamma completa che permette di soddisfare in tempi brevi ed a prezzi competitivi le richieste dei nostri clienti.

Tutti gli utensili elencati sono conformi alla normativa sulla sicurezza degli utensili EN 847-1/2 e quindi rispondenti ai requisiti sulla prevenzione degli infortuni.

La particolare attenzione che poniamo alle sempre crescenti esigenze del mercato ci induce ad una costante ricerca di nuove soluzioni tecniche e nuove proposte commerciali.

La progettazione basata su oltre 50 anni di esperienza, l'utilizzo di materiali appropriati, l'uso di tecnologie avanzate, gli assidui controlli qualitativi, garantiscono la produzione di utensili di precisione di ottima qualità.

## Introduction

The woodworking tooling shown in this catalogue is mainly our series production tooling and is usually available from stock. It forms a comprehensive and competitively priced range of tooling that is able to rapidly satisfy customer demand.

All the listed tools are manufactured to conform with the requirements detailed on EEC directives EN 847-1/2 which address the safety aspects in order to reduce the probability of accident.

The particular attention we pay to the growing market demands, gives us the impetus for constant research for new and innovative technology and new business opportunities.

Our designs based on more than 50 years experience, the use of the most appropriate materials, advanced technology and strict quality control procedures, guarantee the production of precision tooling of the highest quality.

## Introduction

Les outils pour le travail du bois illustrés dans ce catalogue sont fabriqués pour la plupart en série et disponibles en stock et ils constituent une gamme complète que peut répondre très rapidement et à prix compétitifs à toutes les demandes de nos clients.

Tous nos produits sont conformes à la norme européenne sur la sûreté des outils EN 847-1/2 et donc répondent à les qualité requises pour la prévention des accidents.

L'attention particulière que nous adressons aux exigences continues du marché nous porte à une recherche constante de nouvelles solutions techniques et nouvelle offres commerciales.

Le project basé sur plus de 50 ans d'expérience, utilisation de matériaux appropriés, l'emploi des technologies de pointe et les contrôles fréquents de la qualité, garantissent la production d'outils de précision et d'excellent qualité.

## Introducción

Las herramientas para la elaboración de la madera ilustradas en este catalogo son producidas en sus mayor parte en serie y se encuentran disponibles en almacen. Ellas constituyen, por lo tanto, una gama completa que permite satisfacer en un tiempo breve y a precios competitivos las exigencias de nuestros clientes.

Todas las herramientas listadas son conformes a la normativa sobre la seguridad de las herramientas EN 847-1/2 para la prevención de los accidentes.

La grande atención que ponemos en las exigencias del mercado en continuo aumento, nos induce a buscar nuevas soluciones técnicas y nuevas propuestas comerciales.

El proyecto que se basa en mas de 50 años de experiencia, la utilización de tecnologías avanzadas, las frecuentes inspecciones cualitativas, aseguran la producción de herramientas de precisión de calidad excelente.

## Einführung

Die Werkzeuge für die Holzbearbeitung die in diesem Katalog beschreiben werden, sind zum Grossteil in Serie hergestellt und ab Lager zu Verfügung. Sie bestehen aus einer vollständigen Auswahl, die uns erlaubt, kurzfristig und konkurrenzfähig die Anfragen unserer Kunden zufriedenzustellen.

Alle Werkzeuge entsprechen den Rechtsvorschriften EN 847-1/2 über die Sicherheit der Werkzeuge.

Unsere Aufmerksamkeit zum Marktansprüchen, bringt uns zu einer beständiger Suche von neuer technischer Lösungen und neuer Geschäfts-vorschlag.

Die Planung gestützt über 50 Erfahrungsjahre, der Gebrauch der geeigneter Materialien, die sorgfältige Qualitätprüfungen, sichern die Herstellung von feiner Werkzeuge von hochwertiger Qualität.

Initials - Symbols

Sigles - Symboles

Siglas - Pictogramas

Kurzzeichen - Piktogramme

## a = Spessore del coltello

	Knife thickness
	Epaisseur du couteau
	Espesor de la cuchilla
	Messerdicke

## A1 = Interasse fori

	Pin hole distance
	Distance entre les trous
	Distancia entre los agujeros auxiliares
	Nebenlöcher Abstand

## A2 = Interasse fori

	Pin hole distance
	Distance entre les trous
	Distancia entre los agujeros auxiliares
	Nebenlöcher Abstand

## b = Profondità ripresa

	Depth of the recess
	Profondeur de creux
	Profundidad del collar
	Rastetiefe

## B = Altezza totale del tagliente

	Tool width
	Largeur de coupe
	Ancho de corte
	Werkzeugbreite

## B1 = Spessore del corpo

	Thickness of the tool body
	Epaisseur du corps de l'outil
	Espesor del cuerpo de la herramienta
	Werkzeug-Körper Dicke

## B3 = Spessore min. del dente conico

	Min. width of the conical tooth
	Largeur min. du dent conique
	Espesor min. del diente cónico
	Min. Schnittbreite des Konischzahns

## B4 = Spessore max. del dente conico

	Max. width of the conical tooth
	Largeur max. du dent conique
	Espesor max. del diente cónico
	Max. Schnittbreite des Konischzahns

## C = Spessore del tenone

	Thickness of the tenon
	Epaisseur du tenon
	Espesor de la espiga
	Zapfendicke

## COD = Codice articolo

	Code of the item
	Code de l'article
	Código del artículo
	Artikel-Kodex

## d = Diametro del foro

	Bore diameter
	Diamètre de l'alésage
	Diametro del agujero
	Bohrungsdurchmesser

## D = Diametro esterno tagliente

	Tool cutting diameter
	Diamètre extérieur coupant
	Diametro de la herramienta
	Werkzeugdurchmesser

## D1 = Diametro ripresa

	Diameter of the recess
	Diamètre du creux
	Diametro del collar
	Rastedurchmesser

## D2 = Diametro della testa porta-coltelli

	Diameter of the cutter head
	Diamètre du porte-outil
	Diametro del cabezal
	Messerkofdurchmesser

## DP = Diamante policristallino

	Polycrystalline diamond
	Diamant polycristalline
	Diamante policristalino
	Polykristalldiamanten

## E = Dimensione chiave esagonale

	Size of hexagonal wrench
	Dimension clé exagonale
	Dimensión llave exagonale
	Sechskant-Schlüssel Abmessung

## H = Larghezza del coltello

	Knife width
	Largeur du couteau
	Altura de la cuchilla
	Messerhöhe

## HL = Acciaio altamente legato

	High-alloyed steel
	Acier fortement allié
	Acero de alta aleación
	Hochlegierter Stahl

## HS = Acciaio super - rapido (ex HSS)

	High speed steel (ex HSS)
	Acier super-rapide (ex HSS)
	Acero super-rápido (ex HSS)
	Hochleistungsschnellstahl (ex HSS)

## HW = Carburo di tungsteno (ex HM)

	Tungsten carbide (ex HM)
	Carbure de tungstène (ex HM)
	Métal duro (ex HM)
	Hartmetall (ex HM)

## L = Lunghezza utile

	Cutting length
	Longueur utile
	Largo útil
	Nutzlänge

## L1 = Lunghezza del corpo-mandrino

	Length of the chuck-body
	Longueur du corps du mandrin
	Largo del cuerpo del mandril
	Länge des Spannfutterkörpers

## LH = Rotazione sinistra

	Left-hand rotation
	Rotation à gauche
	Giro a izquierda
	Linkslauf

## LS = Leva-spigoli

	Edge-breakers
	Brise-arêtes
	Mata-cantos
	Kantenbrecher

## LT = Lunghezza totale

	Overall length
	Longueur totale
	Largo total
	Gesamtlänge

## M = Filettatura metrica

	Metric Thread
	Filetage métrique
	Filete métrico
	Metrisches Gewinde

## MAN = Avanzamento manuale

	Manual feed
	Avancement manuelle
	Avance manual
	Handvorschub

 Initials - Symbols

 Sigles - Symboles

 Siglas - Pictogramas

 Kurzzeichen - Piktogramme

## MAT = Qualità del tagliente

 Cutting edge material
 Qualité du matériel de coupe
 Calidad del cortante
 Schneidenwerkstoff

## MEC = Avanzamento meccanico

 Mechanical feed
 Avancement mécanique
 Avance mecánico
 Mechanischer Vorschub

## MK = Cono Morse

 Morse taper
 Cone morse
 Cono morse
 Morsekonus

## n = Numero di giri / 1'

 R.P.M.
 Nombre de tours / 1'
 Número de revoluciones / 1'
 Umdrehung / 1'

## n max = Velocità di rotazione massima

 Max. R.P.M.
 Max. Vitesse de rotation permis
 Max. velocidad de rotación consentida
 Max. Zulässige Drehzahl

## P = Profondità del profilo

 Profile depth
 Profondeur du profil
 Profundidad del perfil
 Profiltiefe

## Q = Quantità

 Quantity
 Quantité
 Cantidad
 Menge

## R = Raggio

 Radius
 Rayon
 Radio
 Radius

## RH = Rotazione destra

 Right-hand rotation
 Rotation à droite
 Giro a derecha
 Rechtslauf

## S = Gambo cilindrico

 Cylindrical shank
 Queue cylindrique
 Mango cilíndrico
 Zylindrischer Schaft

## SP = Acciaio legato

 Alloyed steel
 Acier allié
 Acero aleado
 Legierter Stahl

## T = Profondità max. della fresatura

 Max. milling depth
 Max. profondeur de fraisage
 Profundidad max. de fresado
 Max. Fraesungtiefe

## V = Numero dei rasanti

 Number of spurs
 Numéro de araseurs
 Número de precortadores
 Vorschneiderzahl

## Z = Numero di taglienti

 Number of teeth
 Numéro de dents
 Número de dientes
 Zähnezahl

## = Senza leva-spigoli

 Without edge-breakers
 Sans brise-arêtes
 Sin mata-cantos
 Ohne Kantenbrechern

## 45° = Con leva-spigoli 45°

 With 45° edge-breakers
 Avec brise-arêtes 45°
 Con mata-cantos 45°
 Mit Kantenbrechern 45°

## R 1.5 = Con leva-spigoli R=1.5

 With R=1.5 edge-brakers
 Avec brise-arêtes R=1.5
 Con mata-cantos R=1.5
 Mit Kantenbrechern R=1.5

## R 3 = Con leva-spigoli R=3

 With R=3 edge-breakers
 Avec brise-arêtes R=3
 Con mata-cantos R=3
 Mit Kantenbrechern R=3

## R 5 = Con leva-spigoli R=5

 With R=5 edge-breakers
 Avec brise-arêtes R=5
 Con mata-cantos R=5
 Mit Kantenbrechern R=5

## ∞ = Angolo inclinazione del profilo

 Angle of profile inclination
 Angle d'inclination du profil
 Angulo de inclinación del perfil
 Neigungswinkel des Profils

La produzione di utensili speciali soddisfa specifiche richieste che per forma, dimensioni, tipo di attacco, produttività, etc. non trovano riscontro nella gamma di utensili di serie.

Se la richiesta riporta tutti i dati utili alla progettazione degli utensili speciali, relativi sia al materiale da fresare che alle caratteristiche tecniche della macchina usata, questi offriranno il miglior rendimento sia produttivo che qualitativo.

## Special tools

The production of custom-made tools satisfies specific requirements connected to the shape, size, type of shank, productivity, etc. that cannot be found in the range of the standard tools.

If the request includes all the relevant information regarding the design of the special tools, connected to the material to be machined and to the technical data of the machine used, then we will be able to offer the best performance both in productivity and quality.

## Outils speciaux

La production d'outils speciaux satisfait demandes particulière que pour forme, dimensions, modèle de queue, productivité etc. ne trouvent pas confirmation dans la gamme d'outils de série.

Si la demande mentionne tous les éléments nécessaires pour le plan des outils speciaux, relatifs soit à le materiel à fraiser que aux caractéristiques techniques de la machine utilisée, ceux offriront le meilleure rendement de production et qualitatif.

## Herramientas especiales

La produccion de herramientas especiales satisfa las peticiones que per forma, dimensiones, tipo de mango, productividad, etc. no corresponden a la gama de herramientas producidas en serie.

Si la peticion tiene todos los datos necesario a la creacion de las herramientas especiales, relativos tanto al material de fresar como a las características técnicas de la maquina usada, estas herramientas ofreceran el mejor rendimiento productivo y cualitativo.

## Werkzeuge in Sonderfertigung

Die Herstellung der Werkzeuge in Sonderfertigung befriedige die Anfragen, dass für Form, Dimensionen, Schaftabmessung, Produktivität, usw in Serie hergestellten sind nicht.

Wenn die Anfrage alle nützliche Auskünfte, wie das Material zu fräsen und die technische Daten der gebrauchte Maschine enthält, die Werkzeuge die bessere Produktiv-und-Qualitativleistung haben.

# Impiego degli utensili

Tool usage.
 Emploi des outils.
 Empleo de las herramientas.
 Werkzeug-Verwendung

## SENSO DI ROTAZIONE

In mancanza di specifica la rotazione dell' utensile é da intendersi " RH "

**Rotation wise.** If it is not specified, the tool rotation is " RH ".
 **Sentido de rotacion.** En ausencia de especificaciones, la rotacion de la herramienta debe entenderse " RH ".

**Sens de rotation.** Quand il n'y a aucune spécification, la rotation de l' outil s'entende " RH " .
 **Rotationweise.** Man hält die Rotation des Werkzeuges "RH", wenn keine Spezifikation angeben ist.

## VELOCITA' DI ROTAZIONE

Rispettare le indicazioni riportate sull' utensile ( n o n max )

**Rotation speed.** Observe the instructions marked on the tool.
 **Velocidad de rotacion.** Respetar las indicaciones reflejadas sobre la herramienta.

**Vitesse de rotation.** Respecter les indications marqués sur l' outil.
 **Rotationgeschwindigkeit.** Man soll die Anweisungen auf den Werkzeugen beachten.

## TIPO DI AVANZAMENTO

Gli utensili marcati **MAN** possono essere usati con avanzamento manuale del pezzo in direzione contraria alla rotazione dell' utensile.

Gli utensili marcati **MEC** devono essere usati per lavorazione con avanzamento meccanico.

**Kind of feed motion.** The tools marked **MAN** may be used with manual feed of the piece following the opposite direction of the tool rotation. The tools marked **MEC** must be used for working with mechanical feed.
 **Tipo de avance.** Las herramientas marcadas **MAN** pueden ser usadas con avance manual de la pieza en direccion contraria a la rotacion de la herramienta. Las herramientas marcadas **MEC** deben ser usadas para trabajos con avance mecanico.

**Type d' avancement.** Les outils marqués **MAN** peuvent être employés avec avancement manuel de la pièce en direction contraire à la rotation de l' outil. Les outils marqués **MEC** doivent être employés pour le travail avec avancement mécanique.
 **Vorschub-art.** Die Werkzeuge mit dem Zeichen **MAN** können mit dem Handvorschub des Stücks in Gegenlauf benutzen werden. Die Werkzeuge mit dem Zeichen **MEC** müssen mit mechanischen Vorschub benutzen werden.

## VELOCITA' DI AVANZAMENTO

Attenersi al diagramma Tab. 3

**Feed rate.** Follow the chart Tab. 3.
 **Velocidad de avance.** Atenerse al diagrama Tab. 3.

**Vitesse d' avancement.** Suivre le diagramme Tab. 3.
 **Vorschubgeschwindigkeit.** Tab. 3 befolgen.

 Determination of the tool rotation speed at a given tool diameter and cutting speed.

 Determinación de la velocidad de rotación de l' herramienta en relación con el diámetro y con la velocidad de corte.

 Détermination de la vitesse de rotation de l' outil en fonction du diamètre et de la vitesse de coupe.

 Ermittlung der Rotationsgeschwindigkeit in Abhängigkeit von der Werkzeugdurchmesser und der Schnittgeschwindigkeit.

DIAGRAMMA PER RILEVARE LA VELOCITA' DI AVANZAMENTO PER DENTE

Esempio :  $Z = 4$   
 $n = 6.000$   
 $sz = 0.3 \text{ mm}$

$$V_f = \frac{Z \times n \times sz}{1.000} = 7.2 \text{ m/1'}$$

sz (mm.)	Grado di finitura	Degree of smoothness	Qualità de coupe	Calidad de l' acabado	Glättungsgrad
0.2 ÷ 0.6	Finitura buona	Fine	Fine	Fina	Fein
0.7 ÷ 2	Finitura media	Middle	Moyene	Media	Schlicht
> 2	Sgrossatura	Rough	Dégrossissage	Bruta	Schrupp

 Determination of the feed rate at a given feed rate/tooth.

 Determinación de la velocidad de avance en relación con l' avance/diente.

 Détermination de la vitesse d' avancement en fonction de l' avance/dent.

 Ermittlung der Vorschubsgeschwindigkeit in Abhängigkeit vom Vorschub/Zahn.

a) **ORDINAZIONI**

Le ordinazioni si intendono accettate alle condizioni indicate nella conferma d'ordine e non potranno essere annullate né parzialmente né totalmente. In mancanza di conferma d'ordine valgono le condizioni generali di contratto pattuite con il committente.

b) **TERMINI DI CONSEGNA**

Decorrono dalla data di definizione di tutti i dettagli inerenti l'ordinazione. Possono essere prorogati in conseguenza di impedimenti impreveduti, quali mancata consegna di materie prime, guasti agli impianti, calamità naturali, scioperi, serrate, etc. Non sono ammesse richieste di indennizzo per il mancato rispetto dei termini di consegna.

c) **SPEDIZIONE DELLA MERCE**

La merce viene resa franco sede OMAS e viaggia a rischio e pericolo del destinatario dal momento in cui viene caricata sul mezzo di trasporto, anche se questo è di proprietà OMAS, indipendentemente dalle modalità di pagamento del trasporto. La spedizione viene assicurata solo dietro esplicita richiesta del destinatario. L'imballo è sempre a carico del destinatario.

d) **RESTITUZIONI - RECLAMI**

Non si accettano restituzioni della merce, a nessun titolo, se non preventivamente autorizzate da OMAS. I reclami dovranno essere avanzati per iscritto entro 8 giorni dal ricevimento della merce dovranno contenere la descrizione del difetto riscontrato.

e) **GARANZIA**

La durata della garanzia è conforme alla normativa vigente. La garanzia non copre difetti dovuti a logorio, uso improprio, mancata o errata manutenzione, manipolazioni o modifiche arbitrariamente apportate, né danni causati dal trasporto. Gli utensili che OMAS giudicherà viziati da difetti di fabbricazione o non rispondenti alla richiesta del cliente potranno essere riparati o sostituiti a discrezione del fabbricante. Non vengono accettate richieste di indennizzo dovute alla fornitura di utensili difettosi, né per danni diretti né per danni indiretti, a meno che sia riconosciuta colpa grave a carico del costruttore.

f) **PREZZI**

I prezzi si intendono sempre IVA esclusa, che sarà applicata con l'aliquota in vigore alla data della fatturazione. Salvo accordi particolari comprovati dalla conferma d'ordine, vengono applicati i prezzi di listino in vigore alla data della consegna della merce.

g) **PAGAMENTI**

Gli importi delle fatture vanno pagati per intero alle scadenze stabilite. Tutte le spese accessorie sono a carico del cliente. I pagamenti effettuati tramite banca hanno valore dalla data di arrivo dell'estratto conto bancario. In caso di reclamo relativo a una parte della fornitura non è ammesso ritardo nel pagamento della parte non contestata della fornitura, né tanto meno nel pagamento di altra fornitura. Il mancato rispetto dei termini di pagamento dà diritto a OMAS di sospendere eventuali nuove forniture, di addebitare gli interessi maturati ed ogni altro onere accessorio. In caso di sospensione delle forniture per i motivi di pagamento suddetti, i termini di consegna previsti per dette forniture vengono automaticamente prorogati. La merce rimane proprietà di OMAS fino al pagamento totale della fornitura e delle eventuali spese accessorie.

h) **CONTROVERSIE**

Per dirimere eventuali controversie si applica esclusivamente la legge italiana ed il foro competente è solo quello di Ancona.

a) **ORDERS**

Orders are accepted with the conditions indicated in the order confirmations and cannot be cancelled either in part or completely. Without an order confirmation, the general conditions of the agreement stipulated with the customer are valid.

b) **DELIVERY TERMS**

They start from the date when all the details concerning the order are fixed. They may be extended because of unexpected events such as non-delivery of raw materials, breakdown on the equipment, natural disasters, strikes, lockouts etc. Claims for damages are not accepted if delivery terms are longer.

c) **FORWARDING OF THE GOODS**

Goods are delivered free on our firm and travel at the consignee's own risk from when they are on the vehicle, even if it is OMAS property and independently of payment formalities concerning the transport. Forwarding is covered by an insurance guarantee only if the consignee asked it expressly. Packing is always charged to the consignee.

d) **RETURNS - CLAIMS**

OMAS does not accept returns of the goods if not previously authorized. Claims will have to be put forward in writing within 8 days from the receipt of the goods. A description of the fault is necessary.

e) **GUARANTEE**

The guarantee term is in conformity with the rules in force. The guarantee does not provide for those faults due to wear, improper use, wrong or non-maintenance, handlings or modifications arbitrarily done, damages due to transport. Those tools, that OMAS considers damages by manufacturing defects or different from those ordered by the customer, will be repaired or substituted at maker's discretion. Claims for damages are not accepted if they are due to the supply of faulty tools which could have caused direct or indirect damages, unless the maker is to be blamed for gross negligence in manufacturing.

f) **PRICES**

Prices are considered without V.A.T. which will be imposed with the share in force during the invoicing. Except particular agreements indicated in the order confirmation, we impose the price list in force during the delivery of the goods.

g) **PAYMENTS**

The invoice amount has to be paid in full on stated maturity. All extra charges are at customer's expense. Banking payments are valid from the day of credit on OMAS account. Claims concerning a part of the supply do not involve any delay in the payment of the non-contested supply or the payment of another one. If terms of payment are not honoured OMAS can

interrupt new supplies and debit the accrued interests together with all the necessary extra charges. If supply is postponed because of the above mentioned reasons, delivery terms are automatically extended. Before the total payment of the invoice, and if necessary extra charges, goods are OMAS property.

h) **CONTROVERSY**

To settle a controversy is necessary to enforce the Italian law and the only competent court is in Ancona.

## Conditions generales de vente

a) **COMMANDES**

Les commandes sont acceptées aux conditions indiquées dans la confirmation de commande et elles ne pourront pas être annulées ni partiellement ni totalement. Si il n'y a pas la confirmation de commande seront utilisées les conditions générales du contrat établies avec le commettant.

b) **DELAI DE LIVRAISON**

Il passe depuis la date de définition de tous les détails concernant la commande. Il peut être prorogé à cause d'empêchements imprevisibles comme la livraison manquée des matières premières, les pannes aux installations, les calamités naturelles, les grèves, les grèves - patronales, etc. Les demandes de dommages pour le non-respect du délai de livraison ne sont pas acceptées.

c) **EXPEDITION DE LA MARCHANDISE**

La marchandise est expédiée FRANCO établissement OMAS et elle voyage à risque et péril du destinataire dès lors qu'elle est chargée sur le moyen de transport, même si elle est propriété de la société OMAS, indépendamment des modalités de paiement du transport. L'expédition sera assurée seulement sur demande du destinataire. L'emballage est toujours à charge du destinataire.

d) **RESTITUTIONS - RECLAMATIONS**

La société OMAS n'accepte pas la restitution de la marchandise à aucun titre, si elle n'a pas été préventivement autorisée. Les réclamations devront être avancées par écrit dans 8 jours de la réception de la marchandise et elles devront contenir la description du défaut vérifié.

e) **GARANTIE**

La durée de la garantie est conforme à la norme en vigueur. La garantie ne couvre pas les défauts causés par l'usure, l'emploi impropre (par exemple entretien non correct ou manqué), les manipulations ou les modifications arbitrairement apportées, ni les dommages causés par le transport. Les outils que la société OMAS jugera viciés par un défaut de fabrication ou non correspondants à la demande du client pourront être réparés ou remplacés à discrétion du producteur. La société OMAS n'accepte pas les demandes d'indemnité causées par la fourniture d'outils défectueux, ni pour les dommages directs ou indirects sauf le cas dont on a reconnu une grave responsabilité à charge du fabricant.

f) **PRIX**

Les prix s'entendent toujours sans T.V.A. Sauf que les cas particuliers attestés par la confirmation de commande, sont appliqués les prix du bulletin en vigueur à la date d'expédition de la marchandise.

g) **PAIEMENT**

Les factures doivent être payées entièrement aux échéances prévues. Tous les frais accessoires sont à charge du client. Les paiements effectués par l'entremise de la banque ont valeur de la date d'arrivée sur le compte bancaire. En cas de réclamation d'une partie de la fourniture, la société OMAS n'accepte pas un retard sur le paiement de la partie non contestée de la fourniture, ni d'autres fournitures. Le non-paiement aux termes établis donne le droit à la société OMAS de suspendre les fournitures successives et de débiter les intérêts échus et tous les autres charges accessoires. En cas de suspension des fournitures pour les motifs ci-dessus indiqués, les délais de livraison prévus seront automatiquement prorogés. La marchandise reste de propriété de la société OMAS jusqu'au paiement entier de la fourniture et des éventuels frais accessoires.

h) **CONTROVERSES**

Pour mettre fin aux éventuelles controverses, on doit appliquer exclusivement la loi italienne et le tribunal compétent est seulement celui d'Ancona.

## Condiciones generales de venta

a) **PEDIDOS**

Los pedidos se entienden aceptados con las condiciones indicadas en la confirmación de pedido y no podrán ser anulados ni parcial ni totalmente. En ausencia de confirmación de pedido son válidas las condiciones generales de contrato con el destinatario.

b) **PLAZOS DE ENTREGA**

Transcurren desde la fecha de definición de todos los detalles inherentes al pedido. Pueden ser prorrogados por consecuencia de impedimentos imprevistos como los retrasos sufridos en la entrega de materias primas, daños en las instalaciones, catástrofes naturales, huelgas, cierres, etc. No serán admitidas demandas de indemnización por el incumplimiento de los plazos de entrega.

c) **EXPEDICION DE LA MERCANCIA**

La mercancía se entrega franco establecimiento OMAS y viaja por cuenta y riesgo del Destinatario desde el momento en que es cargada sobre el medio de transporte, también si esta propiedad de OMAS, independientemente de la modalidad de pago del transporte. La mercancía se asegurará solo por orden explícita del destinatario. El embalaje será siempre a cargo del destinatario.

d) DEVOLUCIONES - RECLAMACIONES

No se aceptaran devoluciones de mercancía, bajo ningún concepto, si no han sido autorizadas por OMAS. Las reclamaciones deberán ser adelantadas por escrito dentro de los 8 días transcurridos a partir de la recepción de la mercancía y deberán contener la descripción del defecto encontrado.

e) GARANTIA

La duración de la garantía es conforme a la normativa vigente. La garantía no cubre defectos debidos a desgaste, falta error en la manutención, manipulaciones o modificaciones arbitrariamente aportadas, ni a daños causados por el transporte. Las herramientas que OMAS juzgara viciadas por defectos de fabricación o no correspondientes a la demanda del cliente, podrán ser reparadas o sustituidas según el criterio del fabricante. No se aceptaran demandas de indemnización debidas a la entrega de herramientas defectuosas, ni por daños directos ni indirectos, a menos que sea reconocida la culpa grave a cargo del constructor.

f) PRECIOS

Los precios se entienden siempre con el IVA excluido, que será aplicado con la cuota en vigor en la fecha de la facturación. Salvo acuerdos particulares señalados en la confirmación de pedido, serán aplicados los precios de la tarifa en vigor en la fecha de la entrega de la mercancía.

g) PAGOS

Los importes de las facturas se pagaran por entero en los vencimientos establecidos. Todos los gastos suplementarios son a cargo del cliente. Los pagos efectuados por el banco tendrán valor desde la fecha de llegada del extracto de la cuenta bancaria. En caso de reclamación relativa a una parte de la entrega de la mercancía no se admitirá retraso en el pago de la parte no conforme de la entrega, ni tampoco en el pago de otra entrega. El incumplimiento de los términos de pago autoriza a OMAS a suspender eventuales nuevas entregas, y a adeudar los intereses correspondientes y cualquier otra tasa suplementaria. En caso de suspensión de las entregas por los motivos de pago indicados, los plazos de entrega previstos se prorrogan automáticamente. La mercancía será propiedad de OMAS hasta el pago total de la entrega y de los eventuales gastos suplementarios.

h) COMPETENCIA JURIDICA

Para dirimir eventuales controversias se aplicaran exclusivamente las leyes italianas y el Tribunal competente es solamente el de Ancona.

## Allgemeine Verkaufsbedingungen

a) BESTELLUNGEN

Man hält die Bestellungen für gültig unter den Bedingungen, die in der Auftragsbestätigung stehen, und man kann dieselben entweder zum Teil oder vollständig annullieren.

b) LIEFERZEIT

Sie laufen von dem angegebenen Datum der Bestellung, alle Details betreffend. Sie können sich infolge eines unvorhergesehenen Zwischenfalls verschieben, wie ausgefallene Lieferung der Rohstoffe, defekte Anlagen, Naturkatastrophen, Streiks, Aussperrung, u.s.w. Wir akzeptieren keine Schadensersatzansprüche bei Nichteinhaltung der Lieferzeit.

c) ZUSENDUNG DER WARE

Die Ware wird ab Lager OMAS geliefert und auf Risiko, und Gefahr des Empfängers transportiert, und zwar von dem Moment des Beladens auf ein Transportmittel an, auch wenn dieses der Firma OMAS gehört, ohne Rücksicht auf die Zahlungsweise des Transports. Die Zusendung wird auf Wunsch des Empfängers versichert. Die Verpackung geht immer zu Lasten des Empfängers.

d) RÜCKGABE BESCHWERDEN

Wir nehmen keinesfalls eine Rückgabe der Ware an, wenn wir das nicht im Voraus vereinbart haben. Die Beschwerden sollten schriftlich innerhalb 8 Tagen ab Wareneingang erfolgen und die Beschreibung des festgestellten Fehlers enthalten.

e) GARANTIE

Die Dauer der Garantie ist entsprechend der geltenden Rechtsvorschriften. Die Garantie bezieht sich nicht auf Fehler, die durch Verschleiß, unrechtmässigen Gebrauch, fehlende oder falsche Instandhaltung, Manipulation oder willkürliche Änderung entstanden sind. Auch Transportschäden werden nicht ersetzt. Die Werkzeuge, deren Defekte von der Firma OMAS anerkannt werden oder der Bestellung des Kunden nicht entsprechen, können nach Urteil des Herstellers repariert oder ersetzt werden. Kein Schadensersatz wird auf Grund der Lieferung von defekten Werkzeugen akzeptiert, weder auf Grund direkten noch indirekten Schadens, es sei denn, dass eine Schuld zu Lasten des Herstellers anerkannt wird.

f) PREISE

Die Preise verstehen sich immer exklusiv der MwSt, die im Moment des Rechnungsdatums auferlegt ist, es sei denn dass man besondere Vereinbarungen getroffen hat, die durch eine Auftragsbestätigung bewiesen werden müssen. Es wird die Preisliste angewandt, die am Tag der Lieferung der Ware gültig ist.

g) ZAHLUNGEN

Der Rechnungsbetrag sollte vollständig an dem vereinbarten Termin bezahlt werden. Alle Nebenkosten gehen zu Lasten des Kunden. Die durch Banküberweisung geleisteten Zahlungen sind ab Ankunftsdatum der Überweisung (des Kontoauszugs) gültig. Bei Beschwerden in Bezug auf einen Teil der Lieferung wird eine Verspätung in der Zahlung der nicht beanstandeten Lieferung nicht geduldet, noch weniger in der Zahlung einer weiteren Lieferung. Falls die Zahlungstermine nicht respektiert werden sollten, behält sich die Firma OMAS das Recht vor, eventuell neue Lieferungen zu unterbrechen und die Zinsen und alle anfallenden Nebenkosten anzurechnen. Im Fall einer Unterbrechung der Lieferungen aus obengenannten Zahlungsgründen werden die vorausgesehenen Lieferzeiten für diese Aufträge automatisch verschoben. Die Ware bleibt in Besitz der Firma OMAS bis zur vollständigen Zahlung der Lieferung inklusive eventuelle Nebenkosten.

h) STREITFÄLLE

Um eventuelle Streitfälle zu klären, wird nur das italienische Gesetz angewandt und der Gerichtsstand ist nur in Ancona.

**Set multi - profile.**  
 The set includes :  
 - 1 Cutter head Art 400 G 40 ;  
 - 3 Terns of plates Art 401 P R = 10 - 12.5 - 15 ;  
 - 3 Terns of plates Art 402 P R = 10 - 12.5 - 15 ;  
 - 1 Allen key ;  
 - 1 Wooden case.

**Coffret multiprofiles.**  
 Le jeu comprend :  
 - 1 Porte - outils Art 400 G 40 ;  
 - 3 Jeux de 3 plaquettes Art 401 P R = 10 - 12.5 - 15 ;  
 - 3 Jeux de 3 plaquettes Art 402 P R = 10 - 12.5 - 15 ;  
 - 1 Clef ;  
 - 1 Boite en bois.

**Estuche multiperfiles.**  
 El juego comprende :  
 - 1 Cabezal Art 400 G 40 ;  
 - 3 Ternos de plaquetas Art 401 P R = 10 - 12.5 - 15 ;  
 - 3 Ternos de cuchillas Art 402 P R = 10 - 12.5 - 15 ;  
 - 1 Llave ;  
 - 1 Estuche de madera.

**Multi - Profiler Satz.**  
 Der Satz besteht aus :  
 - 1 Messerkopf Art 400 G 40 ;  
 - 3 Platten - Dreitheiten Art 401 P R = 10 - 12.5 - 15 ;  
 - 3 Platten - Dreitheiten Art 402 P R = 10 - 12.5 - 15 ;  
 - 1 Schraubendreher ;  
 - 1 Holz - Etui.
